

SAYDEL COMMUNITY SCHOOL DISTRICT

DUAL ENROLLMENT

The parent, guardian, or custodian of a student receiving competent private instruction may also enroll the student in the school district. The student will be considered under dual enrollment. The parent, guardian, or custodian requesting dual enrollment for the student should notify the counselor no later than September 15 of the school year in which dual enrollment is sought on forms provided by the school district. On the form, they will indicate the extracurricular and academic activities in which the student is interested in participating. The forms are available in the counselor's office.

A dual enrollment student is eligible to participate in the school district's extracurricular and academic activities in the same manner as other students enrolled in the school district. The policies and administrative rules of the school district will apply to the dual enrollment students in the same manner as the other students enrolled in the school district. These policies and administrative rules will include, but not be limited to, athletic eligibility requirements, and payment of the fees required for participation.

A dual enrollment student whose parent, guardian, or custodian has chosen standardized testing as the form of the student's annual assessment will not be responsible for the cost of the test or the administration of the test.

After the student notifies the school district in which activities they wish to participate, the school district will provide the student with all pertinent information regarding the specific activities.

It will be the responsibility of the Superintendent to develop administrative regulations regarding this policy. The applicable legal requirements for dual enrollment including but not limited to those related to reporting and eligibility, shall be followed.
