

## SAYDEL COMMUNITY SCHOOL DISTRICT

### SCHOOL LIBRARY

The school district will maintain a school library in each building for use by employees and by students during the school day. The K-12 library program will support the student achievement goals of the school curriculum.

A qualified teacher librarian, licensed by the Board of Educational Examiners, who works with students, teachers, support staff and administrators will direct the library program and provide services and instruction in support of the curricular goals of each attendance center. The teacher librarian will be a member of the attendance center instructional team with special expertise in identifying resources and technologies to support teaching and learning.

Materials for the libraries will be acquired according to Board policy, "Instructional Materials Selection."

It is the responsibility of the Director of Curriculum, Instruction and Assessment or his/her designee to oversee the use of materials in the library.

It is the responsibility of the Superintendent or his/her designee to develop procedures for the selection and replacement of both library and instructional materials, for the acceptance of gifts, for the weeding of library and instructional materials, and for the handling of challenges to either library or classroom materials.
